## WEB DEVELOPER

I am a final year student pursuing a Bachelor's degree in Computer Science & engineering with cybersecurity. I have a strong passion for web development.. I'm proficient in HTML, CSS, and JavaScript, and I'm familiar with web development frameworks like React. I'm fascinated by the process of turning design concepts into interactive and user-friendly websites that leave a lasting impression. Eager to learn and grow, I'm excited to apply my skills to real projects and make a positive impact.

---

## SKILLS

JavaScript | React | Html | Css | Bootstrap | TailwindCss | Redux | Git | GitHub

---

## PROJECTS

### Portfolio website

[Github link](#)

- Developed a personal portfolio website utilizing React js , Css, Tailwind Css effectively presenting my personal skills and projects in an engaging online format.
- Designed a user-centric interface to showcase my expertise and accomplishments, enhancing visibility and accessibility for potential employers and collaborators.

### NEWS Website

[Github link](#)

- This project is a responsive news website. That fetches and displays top headlines based on various categories using the News API.
- Tech stack: HTML, CSS, Javascript.

### Giggling Platypus Co.

#### Barista

Prepared and served a variety of beverages with precision and creativity, consistently meeting or exceeding quality standards, and receiving compliments for latte art and presentation.
