WEB DEVELOPER

I am a final-year student pursuing a Bachelor's degree in Computer Science & Engineering with cybersecurity. I have a strong passion for web development. I'm proficient in React.js and JavaScript. I specialize in crafting dynamic and responsive user interfaces. I have hands-on experience with PHP and MySQL for backend development, ensuring robust data management. Eager to learn and grow, I'm excited to apply my skills to real projects and make a positive impact.

SKILLS

JavaScript | React | Php | Mysql | Html | Css | Bootstrap | TailwindCss | Redux | Git | GitHub

WORK EXPERIENCE

Gopal Info | Web developer Intern

Jan'24 - Apr'24

- During my web development internship, I learned React.js, JavaScript, and jQuery for creating user-friendly interfaces. I also worked with PHP to build strong backend functions. Collaborating with experienced developers, I gained diverse project experience, honing my skills and broadening my knowledge.
